# Nuttelex

100% Australian Owned & Made

# The margarine spread with no artificial additives.

Proudly Australian owned, Nuttelex has been a top seller in Australian supermarkets and food stores for the last 76 years. The Nuttelex packaging range has recently been totally redesigned and has a clean, contemporary and consistent look and features a tamper evident lid. It is the most innovative and eye-catching packaging in the spreads category and continues to be acclaimed by leading doctors and dieticians as a healthy alternative to butter. Entirely cholesterol, lactose, gluten and nut free, the Nuttelex range is presently experiencing tremendous growth.

- **Highly nutritious**

Nuttelex is an appetising, highly nutritious all-vegetable margarine spread which spreads smoothly from the refrigerator at all times. It has a natural golden colour, ideal for cooking and baking.

- **Cholesterol-free**

Nuttelex is confidently recommended for people on low cholesterol diets. Nuttelex does not and has never contained any animal fat or cholesterol whatsoever.

- **Contains added vitamins**

Nuttelex contains vitamin A, D and E.

- **Made from only the world's finest seed oils**

Made from natural Sunflower and Canola oil, Nuttelex is rich in linoleic acid, and has a balance of Omega 3 and Omega 6 nutrients.

- **Leading in tamper-evident innovation.**

Today's consumer and stockist demands for pack security and the assurance of ingredient purity, have led Nuttelex to a unique innovation. Leading the way, Nuttelex is the only product range in Australia with a tamper-evident lid in the margarine spread category.

**All Nuttelex products are:**

- Free from milk or dairy products in any form
- Free from animal fats or animal products
- Free from eggs or egg products
- Free from nuts or nut products
- Free from lactose or sucrose

**Free from cholesterol**

- Free from gluten (i.e. wheat, rye, barley or malt)
- Free from artificial colours or flavours
- Free from yeast
- Salt reduced
